Perennial list

We have every expectation of a fine crop of Pansy plants this fall. You who have been waiting several seasons for these top-quality Pitzonka Pansy Plants will then be rewarded for your patience. And to those who have never tried them, we say—Don't miss the chance! Write for our Pansy booklet describing and picturing our famous strains.

Pitzonka Pansy Seed is expected to be back on the market by early summer. This will include our fine named varieties as well as the mixtures. Here is your opportunity to grow your own plants.

PITZONKA'S PANSY FARM • Bristol, Penna. • 1947

The Following Varieties are
60c each, \$1.50 for 3,
\$4.50 for 10

ÆTHIONEMA, Warley Rose. Persian Candy-tuft. Neat, compact plant with rose-pink flowers in clusters. May, June. 4 to 6 in.

ANCHUSA myosotidiflora. Grows in either sun or shade. Lovely blue flowers resembling forget-me-nots. Very hardy. May, June. 1 ft.

ANTHEMIS, Moonlight. Bushy plant with pungent foliage. Pale lemon-yellow, daisy-type blooms, excellent for cutting. All summer. 2½ ft.

ARABIS alpina fl.-pl. Rock-cress. A splendid rock plant. Double white flowers in dense masses. Lasts well when cut and combines well with other flowers. April, May. 9 in.

Alpina rosea. Similar in habit to the above. Single, delicate pink flowers.

ARMERIA, Bees' Ruby. Heads of large, ruby-red flowers on long stems. A very fine rock and edging plant. June to September. 1½ ft.

ASTER. Profuse bloom in September and October. Asters grow anywhere but prefer a sandy loam and a sunny location.

Blue Gown. Lovely China-blue. Strong, branching. September, October. 4 to 4½ ft.

Harrington's Pink. Large; clear soft pink. September, October. 4 ft.

Mt. Everest. Bushy plants; pure white flowers. 4 ft.

Wonder of Staefa. Clear azure-blue, 2 to 3 inches in diameter; long stems. Extra fine. June to November. 2 to 2½ ft.

AUBRIETIA, Whitewell Gem. Little plants similar to *Phlox subulata*, ideal for rock and wall gardens and as edging plants. Best grown in masses. Pink. 3 in.

DICENTRA spectabilis. Bleeding-heart. An old-fashioned favorite. Long racemes of graceful, heart-shaped, pink flowers in May and June. 1 to 2 ft.

DORONICUM caucasicum, Mme. Mason. Leopardbane. Very showy, yellow, daisy-like flowers; bright green, heart-shaped leaves. Compact growth. Excellent cut flower.

GYPSOPHILA. Babys-breath. Great clouds of starry flowers in feathery panicles, borne in profusion. Prized for cutting. Plant in full sun.

Bristol Fairy. Double flowers of purest white. Blooms all summer.

Repens Bodgeri. Double white flowers which in three to four days turn to flesh-pink. Blooms from early spring until late fall. 1 ft.

LAVANDULA, Giant Munstead Variety. Lavender. Gray-green foliage and wiry spikes of lavender-blue flowers. Fragrant. June. 18 in.

LIATRIS scariosa, September Glory. Grassy leaves and bold spikes of rich purple, making a very striking display. Late September. 7 ft.

PENTSTEMON. Beard-tongue. Graceful habit, good for massing in the border. Flowers are shaped like foxglove. Easily grown; hardy.

Firebird. Beautiful ruby-crimson. Excellent for cutting. 1½ to 2 ft.

Garnet. Loosely arranged, large blooms of rich garnet color. June to frost.

PYRETHRUM. Painted Daisy. Very fine border and cut flower. May to July. 2 to 2½ ft.

Buckeye. Rosy red; double.

Miami Queen. Semi-double; pink.

PRIMULA. Cowslip.

Giant Munstead. Flowers lunch-type on 6-inch stems. Crimson to deep yellow and white. Needs moist, deep soil. April and May.

Blue Shades. Shades of blue.

Red Shades. Shades of red.

SALVIA virgata nemorosa. Meadow Sage. Branching spikes of blue flowers from June to October. 2 ft.

SPIRÆA, Deutschland. Astilbe. A lovely pure white variety of strong growth and very free-flowering habit.

VERONICA, Blue Spire. Showy spikes of deep blue flowers above bright green foliage. Stands hot weather well. Fine for cutting. July, August. 2 ft.

PITZONKA'S *Perennial Plants*

The Following Varieties are 50c each, \$1.35 for 3, \$4.00 for 10

AJUGA genevensis. A low-growing plant ideal for the rock garden and as a ground-cover. Dark blue flowers in May and June. Does well in part shade. 6 in.

ALYSSUM. This attractive, early-blooming perennial does well in sunny places in the rock garden and border. Very effective when planted near spring bulbs.

Saxatile citrinum. Pale yellow flowers that blend well with tulip colors. May. 1 ft.

Saxatile compactum. Bright yellow flowers in compact masses. May. 1 ft.

AQUILEGIA. Columbine. Dainty, long-spurred flowers in wonderful colors. Part shade is best. May and June.

Cærulea. Blue and white.

Chrysantha. Golden yellow.

Crimson Star. Spurs and sepals are rich crimson and the petals white.

Farquhar's Pink. Rich pink and bright rose shades.

Mrs. Scott Elliott's Strain. A fine mixture of colors and color combinations.

Snow Queen. Pure white.

ARMERIA Laucheanæ. Thrift. Dwarf plants with rosy red flower-heads carried above the foliage. For edging and rock gardens. May and June. 6 in.

ASCLEPIAS tuberosa. Butterfly-weed. Attractive plants flowering during July and August and growing about 1½ feet high. Produces umbels of bright orange flowers that are lovely to cut.

ASPERULA odorata. A fine, scented herb reminding one of new-mown hay. Heads of snowy white flowers appear just above the foliage in May. Increases very rapidly and is used for carpeting shady places in the rock garden. 6 to 8 in.

CAMPANULA calycanthema (Cup-and-Saucer). One of the loveliest of biennials and a perfect plant for the old-fashioned hardy garden. Cut flowers last a week or more. **Blue, Pink or White.**

Garganica. A gem for the rock garden. Forms a low, spreading tuft covered in June with starry, light blue flowers having white eyes.

Persicifolia grandiflora. Peach-leaved Bellflower. A noble plant for the border. Spikes of large, bell-shaped flowers from June to August. Good for cutting. 2 to 3 ft. **Blue or White.**

CARNATION. Fragrant, half to full-double flowers that are fine for cutting. Compact growing and hardy. June, July. 12 to 18 in.

Grenadin Pink, Grenadin Red, or Grenadin White.

CHEIRANTHUS Allioni. Wallflower. Dazzling fiery orange flowers on stems about 1 foot high.

CHRYSANTHEMUM. Sturdy plants that make a splendid show in the garden and as cut flowers.

Avalanche. Queen of all whites is this big, fluffy, handsome Mum. Flowers over 5 inches across. Late September. 18 to 20 in.

Chippewa. Absolutely distinct new rich aster-purple color. Semi-double. Late September. 2 ft.

King Midas. Soft yellow, with the faintest bronze shadings. Full double. Late September. 2½ ft.

Lavender Lady. Pure lavender, double. October. 2½ ft.

Red Velvet. Full double, crimson flowers, becoming darker as they age. Early October.

Sequoia. Well-formed, double flowers of mellow amber tint, which light up and sparkle in the autumn sun. October 1.

CUSHION MUMS.

Golden Cushion. Gold tipped bronze. Early August.

Major Cushion. The best pink cushion. Early August.

Red Cushion. Red. Early August.

CHRYSANTHEMUM maximum. Shasta Daisy, Alaska. Large white flowers on long stems fine for cutting. June, July. 2 ft.

Double White Swan. Double white flowers, fine for cutting. Late May. 2½ ft.

Esther Reed. Fully double, white flowers 3 to 4 inches across. All summer. 1½ to 2 ft.

DELPHINIUM. Tall, stately plants bearing enormous spikes of bloom in shades of blue and lavender. The king of the border.

Belladonna Improved. Light sky-blue. June to September. 3 to 4 ft.

Bellamosum Improved. Dark blue. June to September. 3 to 4 ft.

Blackmore & Langdon's English Hybrids. All shades of blue, lavender, and mauve. 5 ft.

DIANTHUS. Hardy Pinks. Charming cut flowers with delicious fragrance. Should be planted in masses for best effect. All summer. 6 to 10 in.

Beatrix. Semi-double, salmon-pink.

Furst Bismarck. Cerise-red. Good bloom producer.

Silvermine. Pure white.

DIANTHUS barbatus. Sweet William. Old-fashioned plants with bright heads of bloom. For bedding, borders, and the rock garden. 1 to 1½ ft.

Pink Beauty. Immense heads of salmon-pink.

Scarlet Beauty. Good shade of scarlet.

White Beauty. Pure white.

DIANTHUS plumarius. Pinks. Hardy plants for the rock garden. A sunny, dry spot suits them. Mixed colors.

DICENTRA eximia. Fringed Bleeding-heart. Very finely cut foliage and racemes of rose-pink flowers. Very attractive. Equally at home in full shade or sun. April 1.

DIGITALIS, Giant Shirley Hybrids. Foxglove. A tall, stately plant for the perennial border. Big, bell-shaped flowers in heads 3 feet long. Colors range from white and pale pink to deep rose, many of them spotted. June.

EUPATORIUM cœlestinum. Hardy Ageratum. Good in the fall garden. Strong growth; hardy. Light mauve-blue flowers from August until frost. 2 to 3 ft.

GAILLARDIA. Bright daisy-shaped flowers freely produced all summer.

Grandiflora superba, Mixed. Shades of orange, yellow and red.

Sun God. Magnificent chamois-yellow flowers on 2-foot stems. Blooms the entire summer, no matter how hot or dry the weather.

GEUM. Neat habit, excellent foliage, and charming flowers. Needs plenty of moisture in summer. May to July. 2 ft.

Lady Stratheden. Large, double, rich yellow.

Mrs. Bradshaw. Double, bright red.

HELENIUM. For the late summer garden. Daisy-type flowers in profusion. Plant in masses in the border.

Riverton Beauty. Lemon-yellow with black center. August to October. 4 ft.

Riverton Gem. Old-gold and terra-cotta, becoming dull red. August to October. 4 ft.

HEUCHERA. Coral-bells.

Pluie de Feu. Large, rich scarlet flowers. May to July.

Rosmondi. Coral-pink shades. May to July. 1 to 1½ ft.

HOLLYHOCK. Tall-growing, hardy plants with large, showy flowers. Plant in full sun. August, September. 6 to 7 ft.

Double Newport Pink. Double White. Double Red. Double Yellow.

IBERIS. Hardy Candytuft.

Little Gem. A very good, low edging plant of compact habit. Pure white flowers in June. Entirely hardy.

Sempervirens. Covered with a sheet of white flowers in spring. Fine for rock garden and edging. 10 in.

Snowflake. Same type of growth as Sempervirens but flowers much larger. Pure white. May and June.

LINUM perenne. Flax. Bushy plant with quantities of large, clear blue flowers. Needs sun and a light soil. May to August. 1½ ft.

LYCHNIS Viscaria fl.-pl. Tufted habit of growth, with double rose-colored flowers. Prefers a sunny spot. May and June. 1½ ft.

MYOSOTIS palustris semperflorens. Forget-me-not. Dainty rich blue flowers with yellow eye. Likes a damp location. May to September. 6 in.

PHLOX decussata. Bright, fragrant blooms in summer and early fall. Always dependable, and one of the finest border plants.

Blue Boy. Attractive deep blue flowers on low, bushy plants. 2 ft.

Border Queen. Fine large trusses of watermelon-pink. 2 ft.

Daily Sketch. Salmon-pink with crimson eye. 3 ft.

Hauptmann Koehl. Dark blood-red. 2½ ft.

Leo Schlageter. Brilliant scarlet. 3 ft.

Mary Louise. Pure white. 2 ft.

P. D. Williams. Apple blossom-pink, dark center. 2½ ft.

Salmon Glow. Flame-pink, light center. 2 ft.

PHLOX divaricata Laphami. A wonderful spring-flowering Phlox producing masses of flowers of a lovely shade of pale blue in early May, continuing well into June. 15 in.

PLATYCODON grandiflorum. Chinese Bellflower. Large, showy, deep blue flowers on 20-inch spikes are produced all summer. Splendid for the border.

PLUMBAGO Larpentæ. Dwarf, spreading plant covered with brilliant blue flowers in late summer. Fine for border and rock garden. 6 to 8 in.

POLEMONIUM, Blue Pearl. Jacob's Ladder. Loose heads of baby-blue flowers. Plant in a sunny place. April, May. 1 ft.

PYRETHRUM hybridum roseum. Painted Daisy. Fern-like foliage and large, daisy-like flowers. Fine for cutting. Single; white to dark red. May to July. 2½ ft.

ROSMARINUS officinalis. Rosemary. An old favorite, neat, aromatic herb with fragrant foliage. Use for flavoring.

SALVIA Pitcheri. Meadow Sage. One of the most admired plants during the fall months. Large, rich gentian-blue flowers. 3 to 4 ft.

SILENE Schafta. Charming border or rock plant 4 to 6 inches high with masses of bright pink flowers from July to October.

STOKESIA cyanea. Beautiful light blue flowers on 1½-foot stems. Good border plant and fine for cutting. Late summer.

THERMOPSIS caroliniana. A lovely, lupine-like plant with rich green foliage. During June and July yellow flowers are produced in racemes 6 to 12 inches long. 3 ft.
